FLOWERING ROSE HEDGE

BLOOMS ALL SEASON LONG NEVER NEEDS TRIMMING

Imagine what a useful plant this is! It is a dense grower that makes an ideal hedge, for it never needs trimming. Let it go its own way, to make a natural hedge or fence. It will be colorful as a divider between properties, will give you privacy and help to keep children and pets where you want them.

No reason at all why you must have an unfriendly-looking fence that costs a lot to keep looking its best. Here's a Rose that will do your fencing job beautifully and will ask nothing from you in return. In fact, it will let you throw away your pruning shears! The thick growth is always attractive and the flowers are bright all season. A most useful hedge Rose that says "Stay out" and means it!

5 Plants \$3.95; 10 Plants \$5.95; 25 Plants \$12.95

and Bloom

PEACE The Rose everyone knows and exclaims over! Immense flowers of yellow edged soft pink change daily to cream and ivory and the pink edging spreads over the petals. No two blooms are ever exactly alike. The plant is so tall and strong that it needs plenty of growing room. Excellent stems and healthy, leathery, dark foliage. (Former Plant Patent 591; sold for \$2.50)

CRIMSON GLORY

An older Rose that is still loved for its rich crimson color and wonderful perfume. Dependable and long lasting. Blooms are perfectly furled, held on good stems. Easy to grow and reliably hardy. (Former Plant Patent 105; sold for \$2.25)

CRIMSON GLORY

KATHERINE T. MARSHALL

Long-pointed, deep coral buds and large, 5-inch blooms of warm, glowing pink. Fruity fragrance is always delightful. Hardy and vigorous growing 3 to 4 feet tall. Resists heat, rain, disease. The long stems make it ideal for cutting. Highly praised everywhere. (Former Plant Patent 607; sold for \$1.85)

KATHERINE T. MARSHALL

CHARLOTTE
ARMSTRONG

MIRANDY

CHARLOTTE ARMSTRONG Elegant, long, slender buds and magnificent rich cerise blooms. The perfect Rose for cutting, carried on very strong stems. A tall, vigorous plant that resists mildew well and blooms freely all season long. Famous all over the country. (Former Plant Patent 455; sold for \$2.25)

MIRANDY Huge, ovoid buds distinguish this fine Rose. Dark, rich red with black shadings and most delicious fragrance that is unforgettable. Does best in warm weather. The double flowers have 40 to 50 petals and are borne on long stems. A vigorous plant. (Former Plant Patent 632; sold for \$2.50)

ECLIPSE Slim, tapering buds of clear yellow, with long sepals clasped around them. The flower is not too full when completely open. A good bushy, branching plant, continuously loaded with blooms. Especially loved for the streamlined buds, which make beautiful boutonnières. (Former Plant Patent 172; sold for \$1.75)

Ro

Imagine owning all 6 of these famous Formerly Patented Rose Bushes! By patent law, the unit price per plant was fixed and could not be lowered. These varieties sold for \$1.75 each up to \$2.50 each. Now their legal patents have expired, and you may own **ALL SIX FOR \$3.95** in this **SPECIAL SALE**.

These are prize Roses of the World—everblooming—not waxed—field fresh. A selection of six of the best Roses every grown. In fact, four of them—Peace, Mirandy, Katherine T. Marshall and Charlotte Armstrong—are All-America Rose Selections, which means they were the outstanding Roses for the year when they were introduced.

All six varieties make excellent cut flowers. They are disease-resistant, hardy, with good foliage. All will bloom from mid-spring until frost.

It's quick and easy to order by mail. Plants come by parcel post, direct to your door. Order from your easy chair, in the comfort of your home. Your order will be shipped at the proper planting time for your area, or when you specify.

Each of these world-famous varieties is a 2-year-old, field-grown Rose bush, pruned, ready to plant. Planting instructions will be included with each order. Each bush is verified by the State Nursery Inspector to be a living, healthy plant prior to shipment. Each bush that does not live and bloom first blooming season, will be replaced next growing season, provided it has been given proper care.

Unless you write "No Substitution" on your order, we will fill your order for any sold-out variety with another Rose of equal value and color. Avoid "sold-out" disappointment—**ORDER NOW**. We pay postage.
